### PROFILE

Philippa joined JHA as a Commercial Accountant in 2019. She works alongside our solicitors and barristers to gather accurate financial facts, analyse information and establish evidence. She draws upon her expertise to provide strategic advice in relation to other financial and commercial issues, where required.

Philippa's experience includes advising clients on their go to market strategies and she provided the owner of an overseas business with a review of the trading performance of his newly acquired subsidiary.

She qualified as a Chartered Accountant in 2011 while working in a firm specialising in the provision of tax, accountancy and advisory services to private clients and their families, trusts and businesses.

Philippa has since worked in a range of organisations in the creative and entrepreneurial sectors, analysing their commercial and financial models, implementing operational improvements and developing strategies for growth.
